You say that turntable sales are up, "both in the high-end and in the mid-fi marketplaces." There are no statistics to back this up.

We assure you that we will continue to support all of our members, regardless of the products they manufacture -- and that includes turntables. And, as for *In Review*, we are always interested in ways to improve its contents -- we invite you to let us know how you think we can address the issue of turntables in next year's edition. Cynthia Upson, our Staff Vice President of Communications will be contacting you in the next few months to get your views before we begin writing the *In Review* in 1996.

Sincerely,

Gary J. Shapiro
Group Vice President
